

Organic Nano Electronic (ONE=I) Materials for those who understand quality

1M is proud of supporting ICOE 2018

Guillaume WANTZ, Chair

Associate Professor, Bordeaux INP / ENSCBP, University of Bordeaux
Institut Universitaire de France (IUF)

Natalie STINGELIN, Co-chair

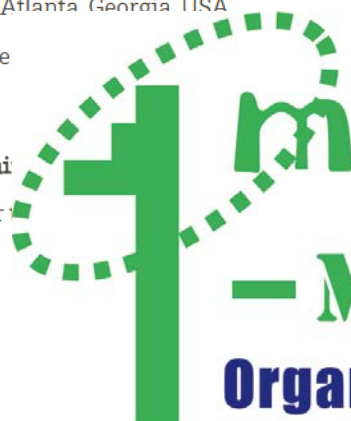

Professor Georgia Institute of Technology Atlanta Georgia USA
International Associate Chair, LCPO, Unive

Georges HADZIIOANNOU, Honorary Chair

Chair 'Advanced Functional Materials for Technologies'
University of Bordeaux, France

Organic Electronics
conjugated polymers
photovoltaics flexible
electronics semi-
conductors OLEDs
displays graphene
carbon nanotubes
lighting photo-
detectors OFETs

1-MATERIAL
Organic Nano Electronic
